## Welcome to GeoGebraTube!

GeoGebraTube is the official repository of GeoGebra constructions and GeoGebra related resources. You should follow our quickstart guide if this is your first visit:

1

### Have a look around

Use the search above or the tags below to find the one of our **20443** materials you are looking for. You should also adjust your [language settings](#) to view your preferred selection of materials.

2

### Share a material

Share your own GeoGebra constructions with other users, your pupils or just to access them anywhere you go. You can also export your files from GeoGebra directly.

[Upload material](#)

3

### Collect materials

Create collections of similar materials for your classes, for further reference or to share them with your colleagues.
